

Fresh Produce

At Penny's, we take pride in providing a full line of the freshest, highest-quality produce to our customers. All of our produce meets the highest standards for quality, harvested at peak ripeness, and delivered fresh in our refrigerated trucks. Penny's is a full-line produce distributor that handles everything from apples to zucchini and offers many different pack sizes or break case quantities to suit your requirements.

Penny's is continuing its ongoing commitment to source more local fruits and vegetables to keep produce prices down and provide affordable selections that are fresh and healthy. This is one example of our companies efforts to support local farmers, cut shipping costs, provide fresh produce, and decrease our carbon footprint.
